## CLOCK & TIMER

Keep an eye on cooking times with the smart LED display and minute minder. Our all-electric models also feature a programmable main oven.

## TOP OVEN CAVITY

For flexible cooking, the top cavity houses an oven and grill with two cooking levels, one flat shelf and a grill tray plus handle.

## ROTARY CONTROLS

The new 60cm collection also comes with scaled-down versions of the much-loved Rangemaster control knobs for ease of use and a professional finish.

## OVEN CLEANING

Cleaning the oven is such a chore, so to make life simpler, our 60cm range comes with catalytic liners in the top and bottom cavities.

## GRIDDLE

The all-gas collection boasts a half smooth, half ribbed non-stick griddle for sizzling stir-fries, seared salmon, seafood and steaks, or even a weekend fry-up.
